

# Inca's Field - Terms and Conditions

## Sessions:

Each session lasts for 1 hour with a 10-minute gap between the end and the start of each session; to allow you time to leave the field before another member arrives. Please make sure you leave the field promptly at the end of your session and leave the car park as soon as possible. In each session, there is to be a total maximum of 6 dogs. If you are a dog walking business or run dog classes and would like to use the field, please contact us to discuss your requirements. There are 4 allocated parking spaces available for the field, but space for a few more vehicles.

## On Arrival & Leaving Inca's Field:

Please do not enter the field until the previous member has left it. Please make sure the gate is secured using the slide bolts on the inside, after entering. The lower one is optional and is to stop anyone else entering the field whilst you are in there. Always secure the gate shut when your session has ended. If you arrive in the car park before the previous member has left, please wait in your vehicle until they have left the field, and their dog(s) are in the vehicle. You must leave the car park before the next booking starts. Vehicles and their contents are to be left at the owner's risk. Please note that dogs must be kept on a short lead and under control until they are securely in the field and when leaving.

## Inca's Field:

Despite our field having a 2-metre-high deer fence, it is a rural field with foxes, deer, rabbits, badgers, etc. roaming; all of which can damage fences or dig. We are unable to guarantee complete security. Your use of the field is, therefore, entirely at your own risk. We regularly check the field for any potential hazards but will not be held responsible if something has been accidentally missed. If there are any livestock in any neighbouring fields, please do not allow or encourage your dog(s) to interact with them. Please pick up all dog mess and take it home with you. No picnics, BBQs, grooming of dogs or cigarette smoking are allowed and all games and similar, are to be with dogs only.

## AGILITY EQUIPMENT IS STRICTLY FOR DOGS ONLY!

This is to prolong the life of the equipment and for your safety. Please take all litter home with you (no toys should be left behind). To keep the field as safe as possible, please discourage your dog from digging and please kindly leave the field in the state you would wish to find it. Fresh water is available.
